## **Behaviour Policy**

**Reward works better than disapproval!**

**All children need positive vibes and not negative ones!**

A disruptive child needs extra praise when he/she has been good.

They should be encouraged to have responsibilities by doing simple jobs and rewarded with praise.

The positive sides and not the down sides of their behaviour should be highlighted.

There should be no physical abuse or verbal humiliation.

Staff should discuss behaviour boundaries / limits regularly.

**There should be no shouting unless it is an emergency!**

Designated Behaviour Management Staff Member: **Jane Kirkland**
